Driving environmental responsibility and green initiatives across organizations.

## Digital Transformation

Guiding businesses through the adoption of cutting-edge technologies and digital strategies.

## Government Relations

Facilitating partnerships and navigating regulatory landscapes for optimal outcomes.

## Innovation Management

Fostering a culture of continuous improvement and breakthrough ideas.

# Digital Commerce and Platforms

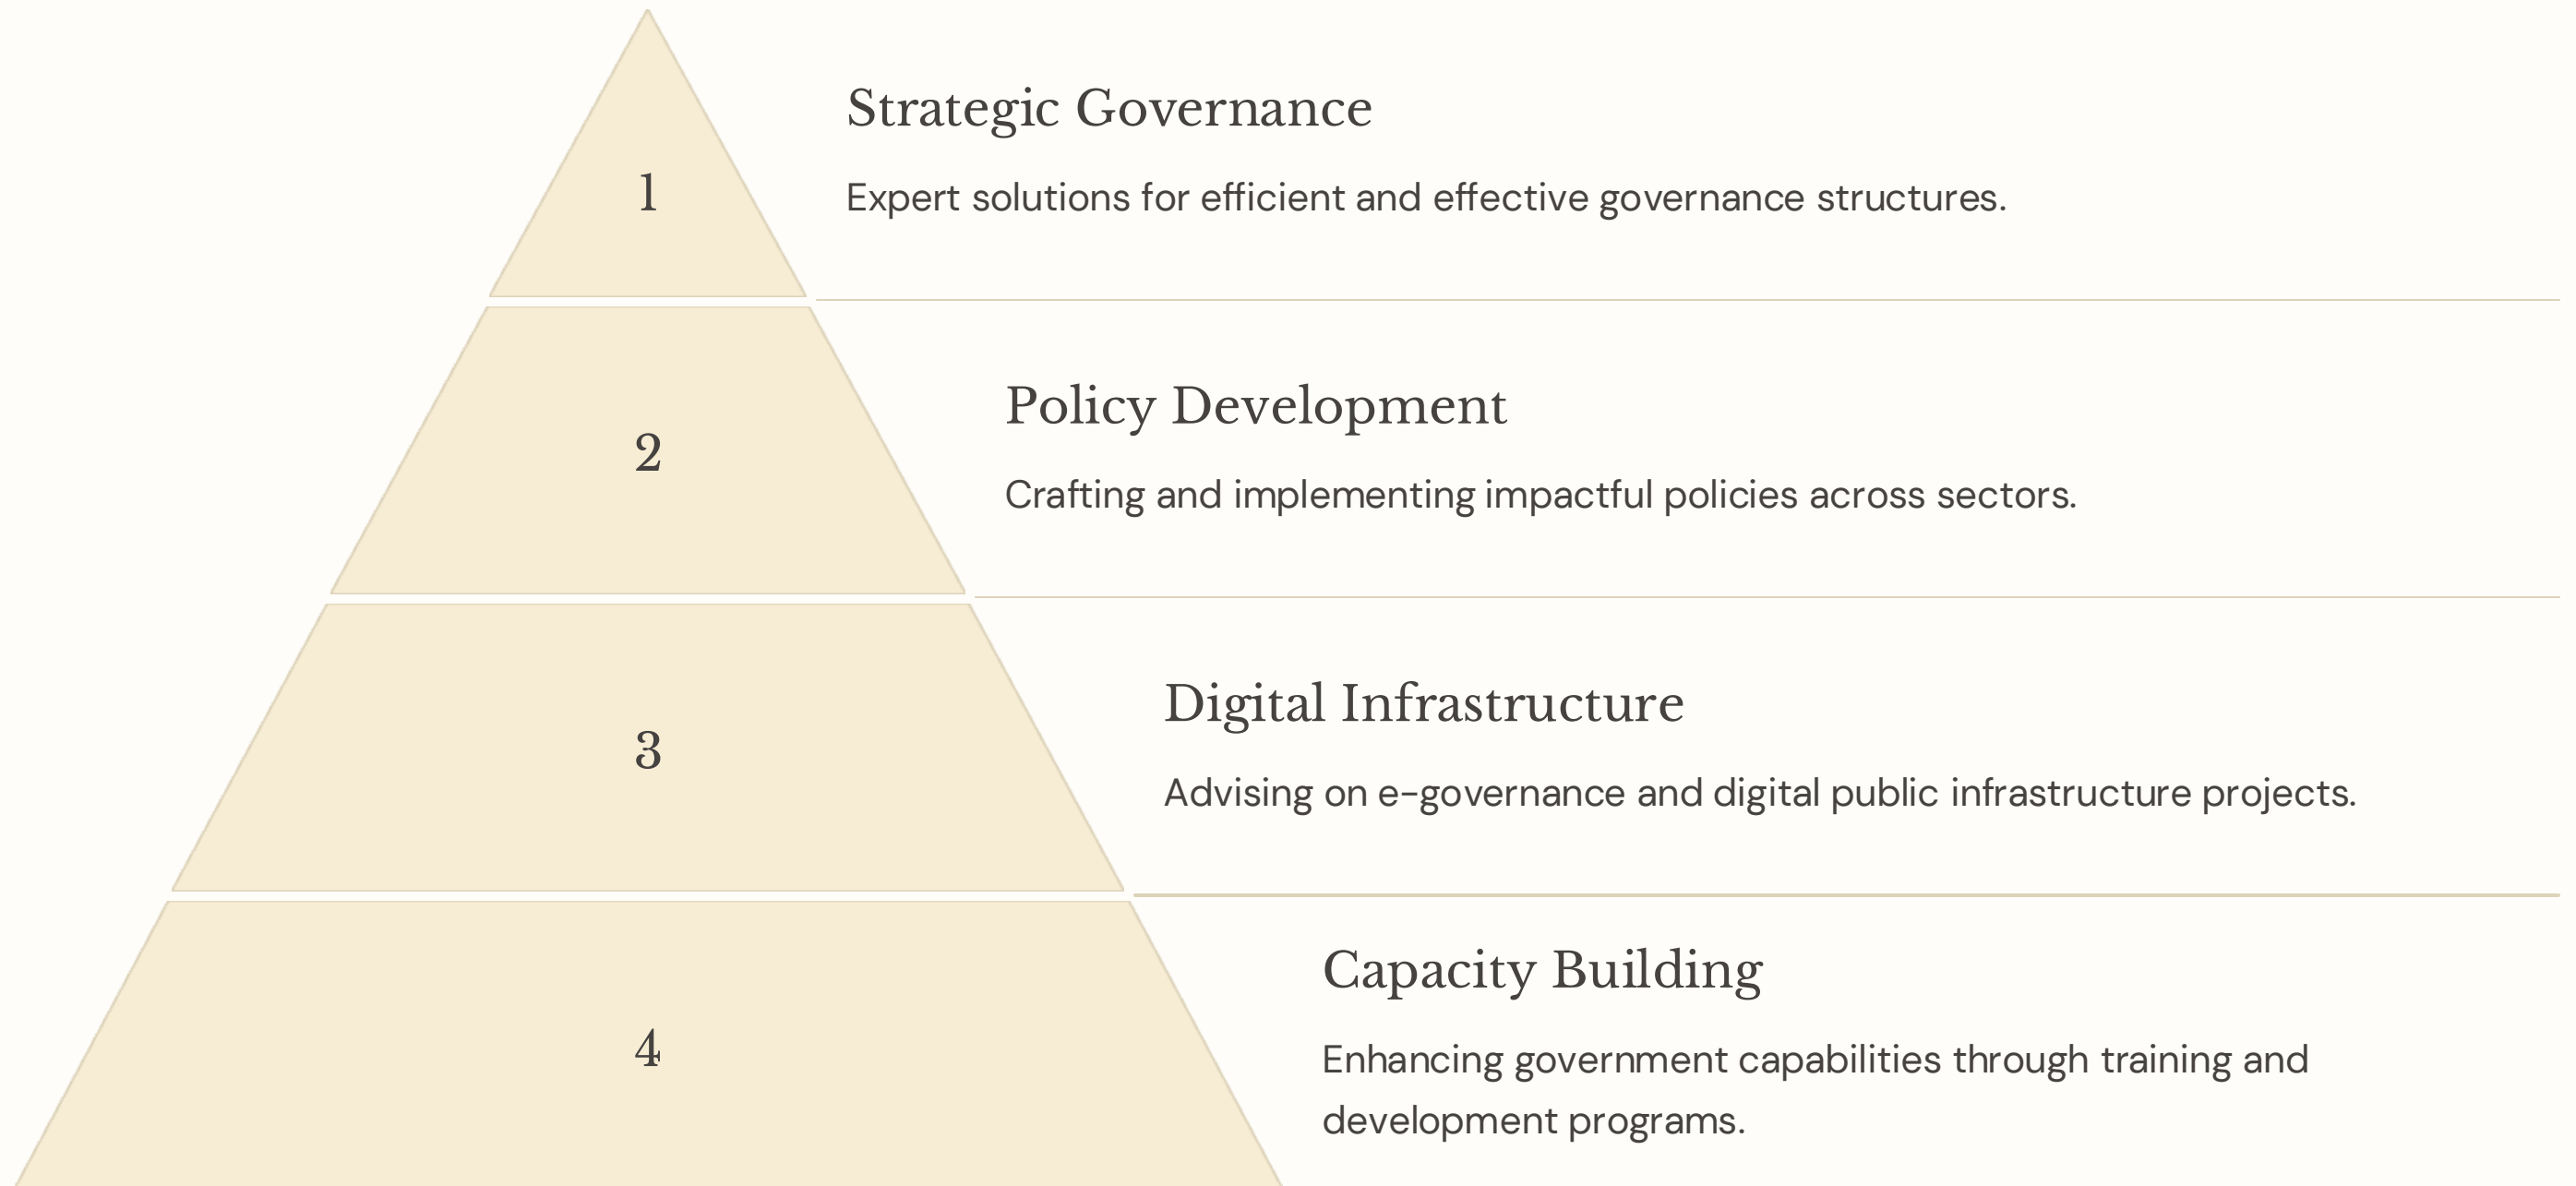

## ONDC Leadership

As Government Relations Regional Head for Open Network for Digital Commerce (ONDC), Mr. Kumar drives partnerships across southern and western regions, advancing digital commerce initiatives.

## Platform Expertise

Deep knowledge in EdTech, AgriTech, and Science and Technology platforms, enabling businesses to leverage digital ecosystems for growth and innovation.

# Government Advisory and Consulting

# Digital Public Infrastructure & E-Governance

1

## Citizen-Centric Services

Developing user-friendly digital platforms for public services.

2

## Data-Driven Governance

Implementing analytics for informed decision-making in government operations.

3

## Interoperability

Ensuring seamless integration of various government systems and databases.

4

## Digital Inclusion

Bridging the digital divide through accessible e-governance solutions.

# Regulatory & Policy Advisory

## Compliance Strategies

Developing comprehensive approaches to meet regulatory requirements across industries, ensuring businesses stay ahead of legal and ethical standards.

## Policy Analysis

In-depth examination of existing and proposed policies, providing insights on potential impacts and opportunities for businesses and government entities.

## Stakeholder Engagement

Facilitating dialogue between regulators, industry leaders, and other key stakeholders to shape balanced and effective policies.

## Risk Mitigation

Identifying potential regulatory risks and developing proactive strategies to address them, safeguarding organizational interests.

# Corporate Governance & Advisory

1

## Board Effectiveness

Enhancing board performance and decision-making processes.

---

2

## Ethical Leadership

Fostering a culture of integrity and accountability.

---

3

## Risk Management

Implementing robust risk assessment and mitigation strategies.

---

4

## Stakeholder Relations

Improving communication and engagement with all stakeholders.

# Marketing Excellence

## Strategic Planning

Developing comprehensive marketing strategies aligned with business objectives.

## Digital Marketing

Leveraging online platforms and tools for maximum brand impact and reach.

## Data-Driven Insights

Utilizing advanced analytics for targeted and effective marketing campaigns.

## Brand Development

Crafting and enhancing brand identities that resonate with target audiences.

# Building a Sustainable Future

## Environmental Responsibility

Dr Kumar's expertise in sustainability practices helps organizations implement eco-friendly initiatives, reducing their carbon footprint and promoting responsible resource management.

## Innovative Green Solutions

Advising on cutting-edge technologies and practices that drive sustainability, from renewable energy adoption to circular economy principles, ensuring long-term environmental and economic benefits.

# Investment & Funding Expertise

## \$20M

### Sales Pipeline

Successfully generated sales pipelines of up to \$20 million, demonstrating a strong ability to identify and capitalize on market opportunities.

## ₹2000Cr

### Project Range

Expertise in managing projects from ₹100 Cr to ₹2000 Cr, showcasing versatility in handling diverse scales of investments and government tenders.

## 150+

### Team Leadership

Led and managed teams of over 150 professionals, ensuring efficient execution of large-scale projects and initiatives.

# Mentoring & Training Programs

1

## Skill Development

Designing and delivering comprehensive training programs to enhance professional skills across various domains.

2

## Leadership Coaching

One-on-one mentoring sessions to nurture future leaders and executives in strategic thinking and decision-making.

3

## Industry Workshops

Conducting specialized workshops to bridge the gap between academic knowledge and industry requirements.

4

## Continuous Learning

Promoting a culture of lifelong learning and adaptability in the face of rapidly changing business landscapes.

# Key Note Speaking Engagements

Dr Dheeraj Kumar is a sought-after keynote speaker, delivering impactful presentations on topics ranging from digital transformation to sustainability practices. His engaging speaking style and deep industry knowledge make him a valuable addition to conferences, seminars, and corporate events worldwide.

# Government Affairs and Scheme Facilitation

## Policy Advocacy

Representing industry interests to government bodies, shaping policies that foster growth and innovation.

## Scheme Implementation

Assisting organizations in leveraging government schemes and initiatives for business development and expansion.

## Regulatory Navigation

Guiding clients through complex regulatory landscapes, ensuring compliance and identifying opportunities.

## Public-Private Partnerships

Facilitating collaborations between government entities and private sector organizations for mutual benefit.

# Digital Enablement of MSMEs

1

## Digital Literacy Programs

Developing and implementing training initiatives to enhance digital skills among MSME owners and employees.

2

## E-commerce Integration

Assisting MSMEs in establishing their online presence and leveraging e-commerce platforms for growth.

3

## Technology Adoption

Guiding MSMEs in selecting and implementing appropriate digital tools and technologies for their businesses.

4

## Digital Marketing Strategies

Crafting cost-effective digital marketing approaches tailored to MSME needs and budgets.

# International Affairs and Export Promotion

## Global Market Access

Strategizing and implementing plans to help businesses, especially MSMEs, access international markets and expand their global footprint.

## Export Compliance

Guiding organizations through the complexities of international trade regulations, ensuring smooth and compliant export operations.

## Cross-Border Partnerships

Facilitating international collaborations and joint ventures to foster innovation and market expansion across borders.

# Emerging Technologies Focus

## Quantum Computing

Exploring applications and implications of quantum technologies across industries.

## Green Hydrogen

Advising on the potential of hydrogen energy in sustainable development initiatives.

## Artificial Intelligence

Implementing AI solutions in fintech, edutech, and agritech sectors.

## Industry 4.0

Guiding manufacturing and industrial sectors through the fourth industrial revolution.

# Capacity Building Programs

1

## Needs Assessment

Conducting thorough analyses to identify skill gaps and development needs within organizations and government departments.

2

## Customized Training Design

Creating tailored capacity building programs that address specific organizational requirements and industry demands.

3

## Implementation

Delivering engaging and interactive training sessions using a mix of traditional and digital learning methodologies.

4

## Evaluation and Feedback

Assessing the impact of training programs and continuously refining approaches based on participant feedback and outcomes.

# Rural Livelihood and Digital Economy

## Digital Inclusion

Implementing strategies to bridge the digital divide and bring rural communities into the digital economy.

## E-commerce for Rural Artisans

Enabling rural craftspeople and artisans to market their products globally through digital platforms.

## Agri-tech Solutions

Introducing and adapting digital technologies to enhance agricultural productivity and market access for rural farmers.

## Skill Development

Conducting digital literacy programs tailored to the needs and contexts of rural populations.

# Smart City and Sustainable Village Initiatives

## Urban Planning

Advising on the integration of smart technologies in urban infrastructure to improve efficiency, sustainability, and quality of life in cities.

## Rural Development

Implementing sustainable practices and appropriate technologies to enhance rural infrastructure, education, and economic opportunities.

## Eco-friendly Solutions

Promoting green technologies and sustainable practices in both urban and rural development projects.

# Industry-Academia Collaboration

1

## Research Partnerships

Facilitating collaborative research projects between industries and academic institutions.

2

## Curriculum Development

Advising educational institutions on aligning curricula with industry needs and emerging technologies.

3

## Internship Programs

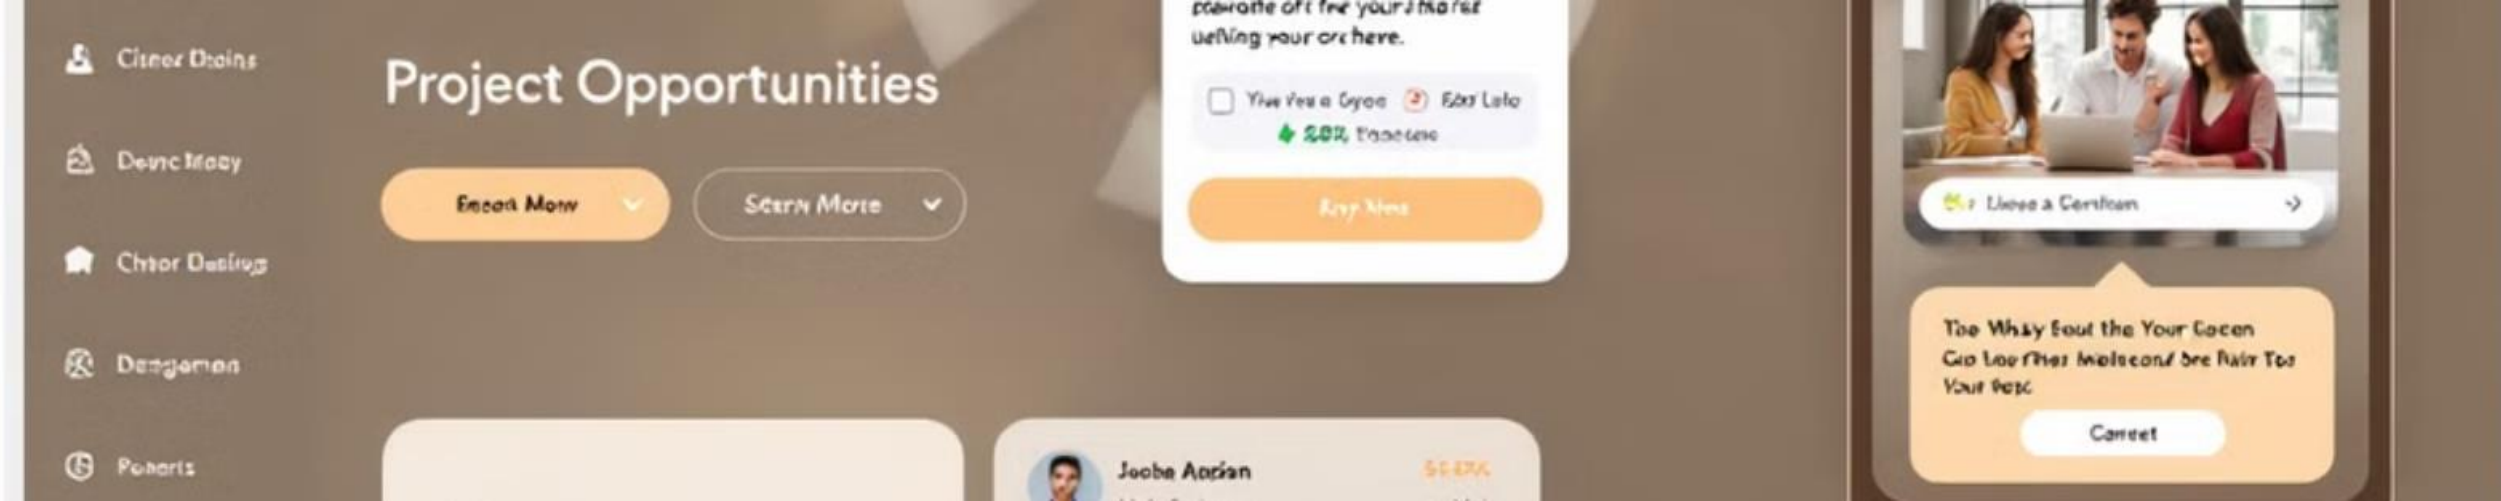

Designing and implementing internship schemes that benefit both students and host companies.

4

## Knowledge Transfer

Organizing seminars and workshops to bridge the gap between academic theory and industrial application.

# Manthan: Digital Innovation Hub

## 1 Platform Overview

Manthan is an advanced digital platform initiated by the Office of the Principal Scientific Adviser, designed to foster collaboration in research, innovation, and social impact projects.

## 3 Achievements

Manthan has facilitated 780 opportunities, over ₹8,277.31 crore in funding, 366 collaborations, and 286 project outcomes, significantly advancing national scientific and technological development.

## 2 Key Features

The platform offers demand-side opportunity postings, proposal submissions, virtual exhibition halls, and knowledge-sharing auditoriums to enhance collaborative research outcomes.

## 4 Impact

The platform has connected 67,965 users, including NGOs and research institutions, supporting women in STEM and driving sustainable social initiatives.

# Engagement with Government Departments

Dr Dheeraj Kumar has extensive experience collaborating with various government departments, driving capacity-building programs and fostering digital transformation initiatives. His work spans across multiple states and sectors, enhancing operational efficiency and introducing innovative solutions to empower government teams.

# Awards and Recognitions

## Excellence in Consultancy
